

JOHN KENEDY D. ALARCOS

Full Stack Developer

johnkenedyalarcos@gmail.com | 09766792239 | Pila, Laguna

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with hands-on experience building and maintaining web-based business systems, automation solutions, and data-driven dashboards. Proficient in multiple programming languages and modern development tools, with a strong ability to rapidly learn and deliver functional, scalable applications. Experienced in leveraging AI-assisted development workflows to accelerate delivery and improve code quality.

TECHNICAL SKILLS

Languages & Technologies: C#, HTML, CSS, JavaScript, PHP, Python, C++

Databases: MySQL (queries, joins, stored procedures, database design, user authentication)

Tools & Platforms: Google Apps Script, Google Sheets API, AI-assisted development tools (GitHub Copilot, Claude, ChatGPT), Git

Specializations: Web Application Development, HRIS & Payroll Systems, Database Management, Workflow Automation, Dashboard Development

PROFESSIONAL EXPERIENCE

IT Assistant Manager – Systems and Web Developer

June 2025 – Present

Qyuzen

- Develop and maintain custom web-based business systems including HRIS and payroll applications serving company-wide operations.
- Manage database architecture, setup, and user authentication for multiple company applications.
- Build employee management dashboards with real-time data tracking and reporting capabilities.
- Optimize system performance and ensure data integrity across multiple platforms.

IT Staff

December 2024 – June 2025

Synovatic Inc.

- Engineered Google Sheets automation solutions for data management and inventory tracking.
- Developed custom Apps Script functions and automated triggers for workflow optimization.
- Created dynamic reporting dashboards and data synchronization systems.
- Streamlined manual processes through spreadsheet automation, significantly reducing processing time.

EDUCATION

Bachelor of Science in Computer Science

2019 – 2023

Laguna State Polytechnic University

Specialization: Artificial Intelligence and Machine Learning

Science, Technology, Engineering and Mathematics

2017 – 2019

STI College Sta. Cruz

Foundation in mathematics, science, and technology.

KEY COMPETENCIES

Web Application Development • RESTful API Design • MySQL Database Management • Automation & Scripting • AI-Assisted Development • System Analysis & Optimization • Dashboard & Reporting Systems • Agile Development
